

Curriculum Vitae

January 13, 2017

Samuel J. Clark

Personal & Contact Information

Name: Samuel Joseph Clark

Mailing address: 238 Townshend Hall
1885 Neil Avenue Mall
Columbus OH, 43210
United States

Office phone: +1 (614) 292-6681

Office fax: +1 (614) 292-6687

Cell phone: +1 (206) 303-9620

Email: clark.2962@osu.edu
work@samclark.net

Office: Room 211, Townshend Hall
Columbus Campus
The Ohio State University

Education

- 2001: Ph.D. in Demography, University of Pennsylvania
- 1995: M.A. in Demography, University of Pennsylvania
- 1993: B.S. in Biology, California Institute of Technology – emphasis in Neurophysiology
- 1993: B.S. in Engineering and Applied Science, California Institute of Technology – emphasis in Computational Neural Systems

Ph. D. Dissertation

CLARK, SAMUEL J. 2001. “An Investigation into the Impact of HIV on Population Dynamics in Africa.” PhD diss., University of Pennsylvania.

Employment

Current

- 2016 – : Professor, Department of Sociology, The Ohio State University, Columbus, Ohio
- 2008 – : Honorary Senior Scientist, MRC/Wits Rural Public Health and Health Transitions Research Unit (Agincourt), School of Public Health, University of the Witwatersrand, South Africa
- 2001 – : Research Associate, Population Unit, Institute of Behavioral Science, University of Colorado at Boulder

Previous

- 2011 – 2016: Associate Professor, Department of Sociology, University of Washington, Seattle, Washington
- 2005 – 2011: Assistant Professor, Department of Sociology, University of Washington, Seattle, Washington
- 2007 – : Honorary Research Associate, School of Computational and Applied Mathematics, University of the Witwatersrand, South Africa
- 2007 – 2008: Visiting Senior Researcher, School of Public Health, University of the Witwatersrand, South Africa
- 2003 – 2007: Honorary Research Officer, School of Computational and Applied Mathematics, University of the Witwatersrand, South Africa

- 2002 – 2007: Honorary Lecturer/Research Officer, Agincourt Health and Population Unit, School of Public Health, University of the Witwatersrand, South Africa
- 2001 – 2005: Research Associate, Graduate Group in Demography, University of Pennsylvania

Research Support

Current

- NIH: NICHD, R01 No. 1R01HD086227-01: \$490,000 per year. 2016. *Verbal Autopsy: Reimagining Data & Automated Cause Assignment (using ALPHA Network data)*. CLARK, SAMUEL J (PI). Period: 2016-2021. **Role: Principal Investigator.** Principal Authors: S. J. CLARK, T. H. McCormick. Hosting Institution: The Ohio State University.
- NIH: NICHD R01 No. R01HD070936: \$295,000 per year. 2012. *Probabilistic Population Projections for All Countries*. Raftery, A. E. (PI). Period: 2012-2017. **Role: Investigator.** Principal Author: A. E. Raftery. Hosting Institution: University of Washington.

Completed

- Bill and Melinda Gates Foundation, Invited Project. \$1,500,000. 2015. *Supplement to ‘Deaths Among HIV Infected Adults in African Populations since the Introduction of Antiretroviral Treatment’*. Zaba, Basia (PI), Period: 2014-2016 (24 months, extended). **Role: Co-Applicant.** Principal Authors: B. Zaba, J. Todd, G. Reniers and S. J. CLARK. Hosting Institution: London School of Hygiene and Tropical Medicine.
- London School of Hygiene and Tropical Medicine, Subaward. \$240,000. 2015. *Supplement to ‘Deaths Among HIV Infected Adults in African Populations since the Introduction of Antiretroviral Treatment’*. CLARK, SAMUEL J (PI). Period: 2014-2016 (24 months). **Role: Principal Investigator.** Principal Authors: S. J. CLARK, T. McCormick and B. Zaba. Hosting Institution: University of Washington.
- Center for Studies in Demography and Ecology (CSDE), University of Washington, Seed Grant: \$20,000. 2014. *Survey-based Cause of Death Assignment*. McCormick, Tyler and CLARK, SAMUEL J (PI). Period: 2014. **Role: Co-Principal Investigator.** Principal Authors: T. McCormick and S. J. Clark. Hosting Institution: University of Washington.
- Wellcome Trust, Strategic Award. \$425,000 per year. 2014. *Preventing Cardiometabolic Diseases in Africa: Life-Course and Multi-sector Approaches*. Tollman, Stephen M. (PI). Period: 2014-2016. **Role: Co-Applicant.** Principal Authors: S. M. Tollman, K. Kahn, S. J. CLARK, S. Norris. Hosting Institution: University of the Witwatersrand.

- Bill and Melinda Gates Foundation, Invited Project. \$1,398,000 per year. 2013. *Deaths Among HIV Infected Adults in African Populations since the Introduction of Antiretroviral Treatment*. Zaba, Basia (PI). Period: 2013-2015 (30 months, extended). **Role: Co-Applicant**. Principal Authors: B. Zaba, J. Todd, G. Reniers and S. J. CLARK. Hosting Institution: London School of Hygiene and Tropical Medicine.
- ICF-I & US Agency for International Development (USAID), *Ad hoc* Contract: \$114,000. 2013. *Exploring the HYAK Real-time Health and Population Measurement Platform in Tanzania using DHS Surveys and Health and Demographic Surveillance System Data*. CLARK, SAMUEL J (PI). Period: 2013. **Role: Principal Investigator**. Principal Authors: S. J. CLARK, J. Wakefield and T. McCormick. Hosting Institution: University of Washington.
- London School of Hygiene and Tropical Medicine, Subaward. \$73,000 per year. 2013. *Deaths Among HIV Infected Adults in African Populations since the Introduction of Antiretroviral Treatment*. CLARK, SAMUEL J (PI). Period: 2013-2015 (30 months, extended). **Role: Principal Investigator**. Principal Authors: S. J. CLARK, T. McCormick and B. Zaba. Hosting Institution: University of Washington.
- Center for Studies in Demography and Ecology (CSDE), University of Washington, Seed Grant: \$15,000. 2009. *A New Look at Indirect Methods for Estimating Demographic Indicators: Evaluation, Validation and Reformulation*. CLARK, SAMUEL J (PI). Period: Summer 2009. **Role: Principal Investigator**. Principal Author: S. J. CLARK. Hosting Institution: University of Washington.
- Wellcome Trust, Programme Grant: No. 090959/Z/09/Z. \$360,000 (200,000 pounds sterling) per year. 2009. *Collaborative Network for Data Analysis in African Community-Based, Longitudinal HIV Studies*. Zaba, Basia (PI). Period: 04/01/2010 – 03/31/2015 (extended). **Role: Co-Applicant**. Principal Authors: B. Zaba, V. Hosegood, S. J. CLARK, D. Mayer and J. Kagaayi. Hosting Institution: London School of Hygiene and Tropical Medicine.
- Wellcome Trust, Programme Grant: No. 085477/Z/08/Z: \$850,000 (575,000 pounds sterling) per year. 2008. *Health, Population and Social Transitions in Rural South Africa: Elucidating Pathways and Testing Interventions*. Tollman, Stephen M. (PI). Period: 2008 – 2012. **Role: Co-Applicant**. Principal Authors: S. M. Tollman, K. Kahn, M. A. Collinson and S. J. CLARK. Hosting Institution: University of the Witwatersrand.
- CSSS, University of Washington. Seed Grant: \$20,000. 2007. *Estimating HIV Prevalence in Africa by Applying Bayesian Melding to a Cohort Component Projection Model*. CLARK, SAMUEL J (PI). Period: 2007. **Role: Principal Investigator**. Principal Author: S. J. CLARK. Hosting Institution: University of Washington.
- NIH: NIA, R24: No. R24AG032112: \$300,000 per year. 2007. *Deaths Among HIV Infected Adults in African Populations since the Introduction of Antiretroviral Treatment*. Menken, Jane; Tollman, Stephen and CLARK, SAMUEL J (Co-PIs). Period: 09/30/2007 – 08/31/2012. **Role: Co-Principal Investigator**. Principal Authors: S. J. CLARK, J. Menken and S. M. Tollman. Hosting Institution: University of Colorado at Boulder.

- NIH: NICHD, K01: No. K01HD057246: \$115,000 per year. 2007. *Predicting Impacts of Infectious Disease on Structure and Dynamics of Populations*. CLARK, SAMUEL J (PI). Period: 06/15/2008 – 09/31/2013. **Role: Principal Investigator.** Principal Author: S. J. CLARK. Hosting Institution: University of Washington.
- NIH: NICHD R01 No. R01HD054511: \$320,000 per year. 2007. *Assessing Uncertainty in Population Projection Models via Bayesian Melding*. Raftery, A. E. (PI). Period: 2007-2011. **Role: Investigator.** Principal Author: A. E. Raftery. Hosting Institution: University of Washington.
- University of California, Los Angeles, Subaward: \$50,000 per year. 2007. *Design and Implementation of MIPopLab Demographic Surveillance System Data Management System*. CLARK, SAMUEL J (PI). Period: 09/21/2007 – 09/31/2014. **Role: Principal Investigator.** Principal Authors: S. J. CLARK and P. Heuveline. Hosting Institution: University of Washington.
- NIH: NIA, R03 No. R03AG028640: \$45,000 per year. 2006. *Extending Access to Data from Demographic Surveillance System Sites in Africa*. CLARK, SAMUEL J (PI). Period: 09/15/2006 – 06/30/2008 extended 06/30/2009. **Role: Principal Investigator.** Principal Author: S. J. CLARK. Hosting Institution: University of Colorado at Boulder.
- NIH: FIC (Fogarty International Center), R25 No. R25TW007491: \$125,000 per year. 2005. *Framework in Global Health: Local to Global Health*. Kimball, Ann-Marie (PI). Period: 09/21/2005 – 07/31/2006. **Role: Instructor.** Principal Authors: A-M. Kimball and M. Morris. Hosting Institution: University of Washington.
- NIH: NICHD, R03: No. R03HD041537: \$50,000 per year. 2004. *Cambodia between the Khmers Rouges and the Red Plague?* Heuveline, P. (PI). Period: 2002 – 2004. **Role: Consultant.** Principal Author: P. Heuveline. Hosting Institution: University of Chicago.
- NIH: NIA, Supplement to R37 No. 3 R37AG10168-09S2: \$50,000. 1999. *Racial and Ethnic Mortality Differences at Older Ages*. Preston, Samuel H. (PI). Period: 1999 – 2001. **Role: Author/Principal Investigator of Supplement.** Principal Author: S. J. CLARK. Hosting Institution: University of Pennsylvania.
- NSF: No. SBR-9505738. \$100,000 per year. 1995. *Long Term Study of Social Change in Rural Zambia*. Scudder, T. (PI). Period: 08/01/1995 – 07/31/1998. **Role: Investigator.** Principal Authors: T. Scudder, E. Colson and S. J. CLARK. Hosting Institution: California Institute of Technology (Caltech).

Publications & Manuscripts

Journal Articles

NB: I collaborate with researchers in a range of disciplines (demography, statistics, public health, global health, sociology, anthropology, etc.), and I have begun to adopt the medical

publishing convention of occupying the last author slot when I am the senior investigator on the team and have overall responsible for the research described in the publication. Regardless of author position, a dagger † indicates the senior author who is responsible for motivating the work, coordinating the research and publication, and raising funds to support the work. An asterisk * indicates a student author, often as first author when the research is part of the student's dissertation.

The [dark blue](#) text contains links to either download a PDF of the article (article title text), or to take you to the publisher's site (DOI text).

Recent Invited Conference & Working Group Contributions

CLARK, SAMUEL J. 2016. Member/Participant, WHO Verbal Autopsy Working Group Meeting. Sponsored by WHO. WHO Headquarters, Geneva, Switzerland: March 2016.

CLARK, SAMUEL J. 2016. Member/Participant, WHO Civil Registration and Vital Statistics Working Group Meeting. Sponsored by WHO. WHO Headquarters, Geneva, Switzerland: March 2016.

CLARK, SAMUEL J. 2016. Member/Participant, WHO Verbal Autopsy Working Group Meeting. Sponsored by WHO. WHO Headquarters, Geneva, Switzerland: July 2016.

CLARK, SAMUEL J. 2016. Panelist at UN Statistics (UNSD) Meeting *Global Preparatory Seminar for the United Nations Data Forum*. Sponsored by UNSD. Guilin, China: September 2016.

CLARK, SAMUEL J. 2016. *Small Area Estimation of Child Mortality from DHS Surveys: Discrete- and Continuous-Space Approaches*. Participant/Presenter at UN Inter-agency Group for Child Mortality Estimation Technical Advisory Group Meeting. Sponsored by UNICEF. UNICEF Headquarters, New York, USA: October 2016.

CLARK, SAMUEL J. 2015. Panelist, Official Statistics Track at *The Cartagena Data Festival: Better Data for a Better Tomorrow*. Sponsored by multiple sponsors including: UNDP, UNFPA, International Union for the Scientific Study of Population (IUSSP), ODI, Paris21, Data Pop, Cepel and Africa Gathering. Cartagena, Colombia: April 2015.

CLARK, SAMUEL J. 2015. Panelist, ‘Data Analysis & Use’, at *UNICEF Data For Children Forum*. Sponsored by UNICEF. UN Headquarters, New York: September 11, 2015.

CLARK, SAMUEL J. 2015. IUSSP Roundtable at *The Cartagena Data Festival: Better Data for a Better Tomorrow*. Sponsored by multiple sponsors including: UNDP, UNFPA, International Union for the Scientific Study of Population (IUSSP), ODI, Paris21, Data Pop, Cepel and Africa Gathering. Cartagena, Colombia: April 2015.

CLARK, SAMUEL J. 2015. Panelist and Presenter, Session 4 ‘Demographic Evidence from Civil Registration Systems, Health Information Systems and Other Administrative Data Sources, Including Insights Provided by Health and Demographic Surveillance Sites’ at

Expert Group Meeting on ‘Strengthening the Demographic Evidence Base for the Post-2015 Development Agenda’. Sponsored by the Population Division of the Department of Economic and Social Affairs of the United Nations. UN Headquarters, New York: October 5-6, 2015.

CLARK, SAMUEL J. 2015. *Simple, Parameterized Model of Age Patterns: Ideas for Incorporating HIV Prevalence and ART Coverage into Models of Age-Specific Mortality.* Presentation by CLARK, SAMUEL J at *UNAIDS Reference Group Meeting.* Sponsored by UNAIDS. Boston: June 2015.

CLARK, SAMUEL J. 2014. Participant at *IUSSP Expert Meeting on Demography and the Post-2015 Data Revolution.* Sponsored by International Union for the Scientific Study of Population (IUSSP). Paris: 2014.

CLARK, SAMUEL J. 2014. *Introduction to Discussion on Recent Death Methods.* Conference Presentation by CLARK, SAMUEL J at *WHO Technical Meeting: Improving Mortality Statistics as part of Strengthening Civil Registration and Vital Statistics Systems.* Sponsored by WHO. Geneva: 2014.

CLARK, SAMUEL J. 2014. *Potential Ideas for Age-specific Model: HIV Cohort Component Model: Add ART?* Conference Presentation by CLARK, SAMUEL J at *Meeting of the UNAIDS Reference Group on Modeling, Estimates and Projections.* Sponsored by UNAIDS. Seattle: 2014.

CLARK, SAMUEL J, Tyler McCormick, and Zehang Li. 2014. *InSilicoVA: An Evolution of InterVA.* Conference Presentation by CLARK, SAMUEL J at *WHO Technical Meeting: Verbal Autopsy.* Sponsored by WHO. Geneva: April, 2014.

CLARK, SAMUEL J, Tyler McCormick, and Zehang Li. 2014. *Verbal Autopsy: Observations on Comparability & Cause Assignment Methods.* Conference Presentation by CLARK, SAMUEL J at *WHO Technical Meeting: Verbal Autopsy.* Sponsored by WHO. Geneva: 2014.

CLARK, SAMUEL J, Tyler McCormick, Jon Wakefield, and Michelle Ross. 2014. *HYAK Mortality Monitoring System.* Conference Presentation by CLARK, SAMUEL J at *WHO Technical Meeting: Improving Mortality Statistics as part of Strengthening Civil Registration and Vital Statistics Systems.* Sponsored by WHO. Geneva: 2014.

Professional Activities

- 2016: Article reviews for various journals
- 2015: External review for tenure process and article reviews for various journals
- 2014 – : Participate in UNAIDS Reference Group on Estimates, Modeling and Projections

Curriculum Vitae – Samuel J. Clark

- 2014 – : Participate in WHO Working Group on Civil Registration and Vital Statistics
- 2014 – : Participate in WHO Working Group on Verbal Autopsy
- 2014: Serve on the European Union’s European Food Safety Authority (EFSA) Board of Experts’ to advise on population modeling for use in studies to understand the risk of zoonotic transmission of animal pathogens to human populations
- 2013: Co-organized four sessions for the annual meeting of the Population Association of America in Boston, 2014
- 2012 – 2013: Participation on NIH review panels
- 2012 – : Member of the Editorial Board of the journal American Sociological Review
- 2012: Organized two sessions for the annual meeting of the Population Association of America in New Orleans, 2013
- 2012: External review for tenure process and article reviews for various journals
- 2012: Participation on two NIH review panels
- 2011: Participation on a NSF review panel
- 2010 – : Scientific Advisory Committee for the INDEPTH Network
- 2010 – 2012: Deputy Editor (one of twelve) of the journal Demography
- 2008 – : Senior advisor/co-applicant on current round of core funding for Agincourt Health and Demographic Surveillance System site run by the School of Public Health, University of the Witwatersrand, South Africa
- 2008 – : Member of Editorial Board for INDEPTH Network Mortality Project
- 2006 – : Advisory Group for planned INDEPTH Network Data System initiative
- 2005 – 2010: Scientific Advisory Committee for the South African Centre for Epidemiological Modeling and Analysis (SACEMA)
- 2005 – : Scientific Advisory Committee for the ALPHA Network of epidemiological field sites in Africa, coordinated at the London School of Hygiene and Tropical Medicine
- 1998 – : Participant and sometimes co-Coordinator of Technical Working Group of the INDEPTH Network
- 2008 – 2010: Participation on NIH review panels
- 2008 – 2009: Reviewed grant applications for Swedish National Science Foundation
- 2008 – 2009: Invited participation in Wellcome Trust ‘Data Sharing’ policy planning workshop
- 2007 – 2008: Invited presentation in colloquium series of the Graduate Group in Demography at the University of Pennsylvania

- 2007 – 2008: Invited presentation to a Wellcome Trust-organized panel discussing ‘North-South Networking’ in the context of population and health research
- 2006 – 2007: Served on Demography Masters Examination Committee, Commerce Department, University of Cape Town, South Africa
- 2006 – 2007: Served on Field Epidemiology Masters Examination Committee, School of Public Health, University of the Witwatersrand, South Africa
- 2004 – 2005: Executive Committee of the South African Centre for Epidemiological Modeling and Analysis (SACEMA)

Honors, Awards & Small Grants

- 2013: Co-recipient of INDEPTH Network ‘2013 INDEPTH Prize for Extraordinary Research in Population and Health at INDEPTH Sites’, awarded at 2013 INDEPTH International Scientific Conference in Johannesburg, South Africa for article published in PLoS Medicine on Agincourt Health and Demographic Surveillance System Data
- 2010: ‘Graduate Mentorship Award,’ Department of Sociology, University of Washington
- 2009: Co-recipient of INDEPTH Network ‘2009 INDEPTH Prize for Extraordinary Research in Population and Health at INDEPTH Sites’, awarded at 2009 INDEPTH AGM in Pune, India for article published in Lancet on Agincourt Health and Demographic Surveillance System Data
- 1996 – 1997: Fulbright Student Fellowship, University of Pennsylvania and the Institute for African Studies at the University of Zambia, Zambia
- 1995 – 1998: National Science Foundation Graduate Research Fellow, University of Pennsylvania
- 1994 – 2000: William Penn Fellow, University of Pennsylvania
- 1991: Caltech Summer Undergraduate Research Fellowship grant to collect demographic data in Sinafala village, Southern Zambia
- 1990: Caltech Summer Undergraduate Research Fellowship grant to study neural cell differentiation and development, Caltech
- 1989: Caltech Summer Undergraduate Research Fellowship grant to teach Calculus at the University of Windhoek, Namibia
- 1988: National Merit Scholar

Selected Recent Talks, Papers & Presentations

- CLARK, SAMUEL J. 2016. *HIV Mortality Trends in Africa in the Treatment Era: New Evidence from the ALPHA Network of Community-based HIV Surveillance Studies – Verbal Autopsy: ALPHA Network Contributions*. Conference Presentation by CLARK, SAMUEL J at *21st International AIDS Conference (AIDS 2016)*. Durban, South Africa: July 2016.
- CLARK, SAMUEL J. 2016. *Statistical Demography: Innovative Approaches to Life Expectancy and Mortality*. Session Discussion by CLARK, SAMUEL J at *Annual Meeting of the Population Association of America*. Sponsored by Population Association of America (PAA). Washington, D.C.: March–April 2016.
- Houle, Brian, Athena Pantazis, Chodziwadziwa Kabudula, Stephen Tollman, and SAMUEL J CLARK. 2016. *Social Patterns and Differentials in the Fertility Transition Based on Population Surveillance: Rural South Africa, 1993 – 2013*. Presentation by Houle, Brian at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). Washington, D.C.: March–April 2016.
- McCormick, Tyler, Li Zehang, Clara Calvert, Amelia Crampin, Kathleen Kahn, and SAMUEL J CLARK. 2016. *Probabilistic Cause-of-death Assignment using Verbal Autopsies*. Poster presented by McCormick, Tyler at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). Washington, D.C.: March–April 2016.
- CLARK, SAMUEL J, F. Xavier Gómez-Olivé, Brian Houle, Margaret Thorogood, Kerstin Klipstein-Grobusch, Chodziwadziwa Kabudula, Jill Williams, Jane Menken, and Stephen Tollman. 2015. *Cardiometabolic Disease Risk and HIV Status in Rural South Africa: Establishing a Baseline*. Conference Poster by CLARK, SAMUEL J at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.
- CLARK, SAMUEL J, Jon Wakefield, Tyler McCormick, and Michelle Ross. 2015. *HYAK Mortality Monitoring System: Innovative Sampling and Estimation Methods*. Conference Presentation by CLARK, SAMUEL J at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.
- Houle, Brian, SAMUEL J CLARK, Kathleen Kahn, Stephen M. Tollman, and Alicia Ely Yemin. 2015. *The Impact of Maternal Mortality on Children's Risk of Dying in Rural South Africa: Evidence from a Population-Based Surveillance Study (1992-2013)*. Conference Presentation by Houle, Brian at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.
- Pantazis, Athena, and SAMUEL J CLARK. 2015. *Modeling Age-Specific Fertility Curves to Understand Demographic Transition*. Conference Presentation by Pantazis, Athena at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.

Sennott, Christie, Benn Sartorius, Jane Menken, SAMUEL J CLARK, Nicole Angotti, Kerstin Klipstein-Grobusch, and Stephen Tollman. 2015. *Births and HIV Status in Agincourt, Rural South Africa, 2010*. Conference Poster by Sennott, Christie at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.

Sharrow, David, Yanjun He, SAMUEL J CLARK, and Adrian E. Raftery. 2015. *Probabilistic Projections of Mortality in Countries with Generalized HIV Epidemics for Use in Total Population Projection*. Conference Presentation by Sharrow, David at *The Annual Meetings of the Population Association of America*. Sponsored by Population Association of America (PAA). San Diego: May 2015.

Students

A ★ indicates completed degree. A ⊙ indicates currently on leave or not enrolled.

Ph.D.

- 2014 – : Jonathan Muir (Sociology): **committee chair**
- 2013 – : William Brown (Anthropology): graduate school representative
- 2012 – 2016: ★ Athena Pantazis (Sociology): **committee chair**
- 2012 – : ⊙ Benjamin Hanowell (Anthropology): committee member
- 2010 – 2015: ★ Cara Margherio (Sociology): **committee chair**
- 2010 – 2011: ★ Brian Houle (Sociology): **committee chair**
- 2010: ★ External Examiner for Charles Kimpolo, PhD in Computational and Applied Mathematics, University of the Witwatersrand
- 2010 – : Chodziwadziwa Kabudula (School of Public Health, University of the Witwatersrand, Johannesburg, South Africa): acting **committee chair**
- 2009 – 2012: ★ Romesh Silva (Demography, UC Berkeley): committee member
- 2009 – 2011: ★ Ting Li (Quantitative Ecology and Resource Management): committee member
- 2009 – 2011: ★ Le Bao (Statistics): committee member
- 2008 – 2013: ★ Mark Wheldon (Statistics): committee member
- 2008 – 2011: ⊙ Greg Matthews (Sociology): **committee chair**
- 2008 – 2013: ★ David Sharrow (Sociology): **committee chair**
- 2007 – : ⊙ Eric Gleave (Sociology): committee member
- 2007 – 2013: ★ Devon Hamilton (Sociology): committee member

- 2006 – 2009: ★ Jason Thomas (Sociology): **committee chair**
2005 – 2008: ★ Leontine Alkema (Statistics): committee member

Masters

- 2012 – 2014: ★ Janjun He (Statistics): committee member
2011 – 2012: ★ Athena Pantazis (Sociology): **committee chair**
2010: ★ External Examiner for William Msemburi, Masters of Philosophy in Demography, University of Cape Town
2010 – 2010: ★ Ryoko Takahashi (Department of Health Services, School of Public Health): committee member
2009 – 2010: ★ Jennifer Chunn (Statistics): committee member
2007 – 2009: ★ Kerry MacQuarrie (Sociology): **committee chair**
2007 – 2009: ★ Cara Margherio (Sociology): **committee chair**
2007 – 2009: ★ Jongjit Rittirong (Sociology): **committee chair**
2007 – 2008: ★ Jodi Kurtz (Sociology): committee member

Research & Professional Interests

Research

My research interests include African Demography, demographic methods, mathematical modeling of population processes with specific focus on individual-level models and statistical methods for quantifying uncertainty, the theory and practice of temporal databases as they relate to population data, and the ethics, policies and procedures necessary to archive, pool, share and analyze longitudinal population data generated by multiple institutions.

Recent research topics include adaptation of Bayesian melding methods to epidemiological modeling and population projection, the design and implementation of a two-sex, stochastic microsimulation model of an African population with HIV, the formulation of temporal relational database designs for demographic and health research, the creation of a component model of mortality for Africa, and the identification of general mortality patterns for Africa based on new empirical data.

Recent professional activities outside of the University of Washington include participation in expert advisory groups at the WHO for verbal autopsy and civil registration/vital statistics and advisory meetings supporting the creation of the Wellcome Trust's new policy regarding data sharing; a substantial contribution of time to the development of the INDEPTH Network of demographic and health surveillance sites in the developing world: (<http://www.indepth-network.org>); serving on the Executive Committee and Scientific Advisory Committee of the

new South African Centre for Epidemiological Modeling and Analysis (SACEMA – funded by the South African Department of Science & Technology); Serving on the Scientific Advisory Committee for the ALPHA Network of longitudinal HIV epidemiology sites in Africa coordinated at the London School of Hygiene and Tropical Medicine; contributions to teaching and student supervision at the Masters and PhD level in the School of Public Health at the University of the Witwatersrand in Johannesburg, South Africa; and substantial contributions to statistical analysis, information technology support, scientific writing and grant writing for the Agincourt health and demographic surveillance system field site attached to the School of Public Health at the University of the Witwatersrand, South Africa.

Africa

I was born in Kenya and lived mostly in rural parts of East Africa until the age of 15. That formative experience has motivated my continuing commitment to Africa and shaped the trajectory of my professional activities. In the broadest sense, my professional life is concerned with better understanding the challenges facing Africa and Africans and contributing to the design and testing of interventions to improve the well being of Africans. Over the past two decades I have consistently contributed to research relevant to Africans, to building institutions in Africa and for Africans, and to participating in the education of Africans. Since its inception in 1998, I have participated in a range of research, training and institution-building initiatives of the INDEPTH Network of health and demographic surveillance system sites (comprised of 43 such sites in Africa and Asia – headquartered in Accra, Ghana), and I continue to support INDEPTH as a current member of the Scientific Advisory Committee, lead editor of an ongoing multi-site research initiative to describe all-cause mortality patterns in Africa and Asia, and significant contributor to grant writing initiatives in support of strategic scientific and training efforts planned by the Network. For the past fifteen years I have had a very close collaboration with the MRC/Wits Rural Public Health and Health Transitions Research Unit (Agincourt), School of Public Health, University of the Witwatersrand, South Africa. In addition to contributing to research and scientific planning at the site, I have made consequential contributions to the growth and development of the Agincourt Unit's rural field site. Over a number of years I have played a key role in building the data and IT infrastructure at the site, and I have been a *de facto* advisor in many of the key development and institution-building decisions taken at the field site level. Most recently I have co-led an HIV and non-communicable disease biomarkers survey conducted at the field site, and in the process contributed in useful ways to the research infrastructure and procedures at the field site. During a period of nearly five years when I lived in South Africa, I also contributed to the design and implementation of a Masters degree programs at the School of Public Health, University of the Witwatersrand, initially funded by the Hewlett Foundation. More recently I have contributed to the ALPHA Network of HIV cohort studies in Africa by participating in grant writing, serving on the Scientific Advisory Committee and participating in training and research activities sponsored by the Network. All of my work with the INDEPTH and ALPHA Networks and the Agincourt site continues.

Teaching & Instruction

- 2016: Sociology 5450: Surviving in South Africa: Contemporary Health and Population Issues
- 2014: Sociology Study Abroad, Summer B, Agincourt Health and Demographic Surveillance System Site, Acornhoek, South Africa: Measuring and Understanding Health and Population in South Africa
- 2014 – 2016: Sociology 201: Surviving in South Africa: Contemporary Health and Population Issues
- 2010 – 2012: Sociology/CSSS/Statistics 221: Statistical Concepts and Methods for the Social Sciences. A course joint listed by Sociology, CSSS and Statistics that presents an introduction to statistical concepts and methods for social scientists
- 2005 – 2016: Sociology 433/533: Introduction to Demographic Methods. A course taught in the Sociology Department at the University of Washington that presents an introduction to core demographic methods and techniques
- 2005 – 2009: Sociology 220: Introduction to Sociological Methods. A course taught in the Sociology Department at the University of Washington that presents an introduction to experimental design and statistical methods for undergraduates majoring in Sociology
- 2005 – 2007: During summer: Three one-week modules covering the theory and practice of data management in the context of Demographic Surveillance Systems. These modules form the Data Management component of the INDEPTH Network-sponsored M.Sc. degree program at the School of Public Health, University of the Witwatersrand, South Africa
- 2006 – 2007: Sociology 401: Population and Africa. A course taught in the Sociology Department at the University of Washington that presents historical and contemporary topics concerning population in Africa, with an emphasis on the current impacts of HIV/AIDS on African populations
- 2007: CSDE 555: Health Metrics. A course taught through the Center for Studies in Demography and Ecology at the University of Washington introducing the basic methods of Health Metrics
- 2004: Taught one one-week module on survival analysis to Masters level students at the School of Public Health at the University of the Witwatersrand, South Africa
- 2004: With Bruce MacLeod co-facilitated a workshop for data managers from the INDEPTH Network sponsored by the INDEPTH Network. The workshop spanned one week and introduced data managers to various analytical techniques designed specifically to extract and analyze data stored in the complex temporal relational databases used in demographic and health surveillance

- 2003: Organized, prepared and taught (with Kobus Herbst) a workshop titled The Relational Database and the Structured Query Language in the Context of Health and Population Surveillance sponsored by the INDEPTH Network and funded by the NIA. The workshop spanned one week and introduced data managers from the INDEPTH Network to the Relational Model of Data, the Structured Query Language and specific relational database schemas used in Demographic Surveillance, all within the context of demographic and health surveillance methodologies
- 2003: Taught one one-week module on survival analysis to Masters level students at the School of Public Health at the University of the Witwatersrand, South Africa
- 2002: Taught two one-week modules in quantitative demographic methods and survival analysis to Masters level students at the School of Public Health, University of the Witwatersrand, South Africa
- 2001: Supervised the completion of a Masters degree in Population Studies at the University of Natal, Durban, South Africa examining the impact of various demographic, economic and social shocks on school drop out rates in KwaZulu-Natal, South Africa
- 1999: Teaching Assistant for course on measuring and interpreting mortality at the University of Pennsylvania
- 1989: Taught two ten-week undergraduate courses in Calculus and oversaw student Physics laboratory sessions at the University of Namibia, Windhoek, Namibia

Field Work

- 2015: Co-organized and led conference of African physicians to provide data on symptom-cause relationship for use with automated methods to assign cause of death from verbal autopsy data
- 2015: Several weeks in South Africa working with the Agincourt and Africa Centre demographic surveillance system (DSS) field sites on a number of ongoing projects and attending and contributing to the International Scientific Advisory Committee meeting for the Agincourt site
- 2014: Several weeks in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]
- 2013: Two weeks in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]

Curriculum Vitae – Samuel J. Clark

- 2012: Three weeks in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]
- 2011: Six weeks in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]
- 2009: Summer in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]
- 2007: Summer in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects [See 2006, below]
- 2006: Summer in South Africa working with the Agincourt demographic surveillance system (DSS) field site on a number of ongoing projects, including migration, SES, mortality, fertility and data management
- 2001 – 2004: Resident in South Africa to work with the Agincourt DSS field site operated by the School of Public Health of the University of the Witwatersrand and with colleagues at the School of Computational and Applied Mathematics at the University of the Witwatersrand. Work conducted during this time briefly described above under the Research Interests and Teaching sections
- 1997: One year working in Southern Zambia: 1) maintaining and improving the demographic surveillance system that I was primarily responsible for instituted in the Gwembe Valley over the previous few years, 2) collecting and preserving all available information surviving from the 1980 and 1990 censuses of Zambia, including raw data, metadata and maps, 3) building permanent infrastructure for the Gwembe Tonga Research Project, and 4) maintaining two other studies related to the Gwembe Tonga Research Project
- 1996: Six weeks monitoring and maintaining the Gwembe Tonga Research Project's data collection effort in the Gwembe Valley, Southern Zambia
- 1996: Three weeks monitoring and maintaining Gwembe Tonga Research Project data collection effort in the Gwembe Valley, Southern Zambia
- 1995: Six weeks selecting and training research assistants in four villages in the Gwembe Valley, Southern Zambia for a continuous demographic/economic data gathering system that I was primarily responsible for designing
- 1994: Four weeks working with a team of demographic researchers from the University of Pennsylvania conducting a social networks survey of two rural villages in Southwest Kenya
- 1991: Six weeks updating a demographic census in Sinafala, a rural village in Gwembe Valley, Southern Zambia

Curriculum Vitae – Samuel J. Clark

1989: Ten weeks working in the Mathematics and Physics departments of the University of Namibia, Windhoek, Namibia teaching Calculus and overseeing Physics laboratories
